

TECHNICAL DATA

BricoEasy Double-Sided Adhesive Tape

Product description

BricoEasy Double-Sided Adhesive Tape is a tape adhesive for instant fixing without nails or pins.

BricoEasy Double-Sided Adhesive Tape fixes and sticks vertically to a broad range of smooth surfaces.

BricoEasy Double-Sided Adhesive Tape resists damp, cold and heat and is solvent-free, making it perfect for use with children.

Technical characteristics

Appearance	White double-sided adhesive tape
Total drying time (max. strength)	24 hr.
Application temperature	5°C – 25°C

Applications

Securing posters to tiles or porous walls, attaching paper to a broad range of substrates, small mirrors to tiles, etc.

Materials

- Tiles
- Metal
- Plastic
- Wood
- Glass
- Paper and cardboard

Instructions for use

- Surface preparation:

Mating surfaces must be clean (free from dust or grease) and dry.

If there is hard-to-remove soiling, wipe with a cloth moistened with rubbing alcohol.

- Application:

Cut tape to the desired length without touching the adhesive surfaces with the fingers.

Apply the tape to the back of the item to be secured, taking care to cover the edges.

Space the tape over the entire surface and ensure that it makes full contact with the item to be secured.

Press the tape down and remove the protective paper from its other face.

Fix the item in the desired location, pressing hard for a few seconds.

Maximum strength is reached in 24 hours, thus it is recommended not to suspend weights until 24 hours have passed.

Not recommended for vertical hanging of weights of 5 kg or more.

Do not touch the adhesive surface with the finger pads.

Not suitable for polyethylene (PE, LDPE, HDPE), polypropylene (PP), Teflon® (PTFE), or surfaces that are very rough, fragile, lacking cohesion, dusty, non-stick, etc.

Dissolving and cleaning

Product can be peeled away. Adhesive residue can be removed using STEP ADHESIVE REMOVER.

Storage

Store in original closed container in a cool, dry place at a temperature between +15°C and +30°C. Stored in this way, the product will retain its properties for 36 months from date of manufacture.

Safety precautions

We hereby certify that Ceys **BRICOCINTA** DIY tapes fall within the definition of an **article** as per Regulation (EC) 1907/2006, **REACH**, and that, as specified in the Guidance on the Compilation of Safety Data Sheets published by **ECHA** (European Chemicals Agency), **no Safety Data Sheet is required for this product to be marketed.**

The user shall take ultimate responsibility for determining the final suitability of the product in all types of application.

The information given in this Technical Data Sheet should never be considered as a specification of the product's properties.

We guarantee the uniformity of the properties of our products in all supplies. The recommendations and information published in this technical data sheet are based on our current knowledge and rigorous laboratory tests. Due to the many variations in each project's materials and conditions, we ask our customers to conduct their own tests of utility under the expected working conditions and following our general instructions. This will avoid any subsequent damage, for the consequences of which the company is not responsible.
